

Seri Industrial S.p.A.

Establishment of P2P Srl – a co-owned company by Seri Plast S.p.A. and Unilever Ventures Holdings B.V.

S. Potito Sannitico, 14 May 2021

Today's date, the subsidiary Seri Plast S.p.A. has established a joint company called P2P S.r.l. (Packaging 2 Polymer) with Unilever Ventures Holdings B.V., in order to start the conversion program for the Unilever site of Pozzilli (Is), that is going to provide the construction of a highly innovative plant for the production of plastic raw materials from the recovery of post-consumer packaging with an estimated production capacity of about 130 thousand tons - in full compliance with recent Community and Italian directives (so called Plastic Tax) and ensuring the transition from a linear consumption model (take, transform and throw) to a fully circular model.

For more information please refer to the press release issued on 22 March 2021.

Seri Industrial S.p.A. is a company listed on the MTA market of Borsa Italiana. Seri Industrial's mission is to accelerate the energy transition to sustainability and decarbonisation.

he Group operates through two companies: (i) Seri Plast, active in the processing of plastic materials for the battery market, automotive and thermo-sanitary sector; (ii) FIB, active, through the FAAM brand, in the production and recycling of lead and lithium batteries for traction, industrial, storage and military applications, as well as in the design of plants for the recycling of batteries.
