

## Seri Industrial S.p.A.

### Opening of the "Seri Industrial C'E" Forum

**S. Potito Sannitico, 20 December 2021**

Seri Industrial S.p.A. (the "**Company**") announces that, as of today, the public Seri Industrial Forum C'E' (the "**Forum**") is active 24 hours a day, 7 days a week at [www.forum.seri-industrial.it](http://www.forum.seri-industrial.it).

The Forum has been created by the Company's Board of Directors to encourage continuous dialogue with investors - and in particular *retail* investors - in compliance with principle no. IV of the Corporate Governance Code, according to which «the Board of Directors shall promote, in the most appropriate ways, dialogue with shareholders and other stakeholders relevant to the company».

Indeed, the Company considers that a relationship with shareholders based on continuous dialogue and the active involvement of investors - including *retail* investors - denotes its sense of responsibility towards the market as a whole, and also increases the transparency.

The Forum is subject to a set of Regulations, available in the appropriate section of the website, that must be read and accepted by the user at the time of registration.

---

**Seri Industrial S.p.A.** is a company listed on the EXM market of Borsa Italiana. Seri Industrial's mission is to accelerate the energy transition to sustainability and decarbonization.

The Group operates through two companies: (i) Seri Plast, active in the processing of plastic materials for the battery market, automotive, packaging and thermo-sanitary sector; (ii) FIB, active, through the FAAM brand, in the production and recycling of lead and lithium batteries for traction, industrial, storage and military applications, as well as in the design of plants for the recycling of batteries.
